

## The Farinograph

Typical farinogram of soft wheat flour (Milatovic, 1967). The parts of the plot labeled with capital letters refer to the dough and, in particular, to: **B**, the development period; **C**, the stability; **D**, the resistance; **E**, the degree of softening; **F**, the tolerance index.  
(From Lj. Milatovic and G. Mondelli, *Pasta Technology Today*, Chiriotti Editori, 1991)
